DISCLAIMER: This brochure is for informational purposes only. Physicians should always exercise independent medical judgment in their ordering of services for patients. It is the provider's responsibility to select codes carried out to the highest level of specificity and selected from the ICD-10-CM code book appropriate to the year in which the service is rendered for the claim(s) submitted. The service must be reasonable and necessary in the specific case and must meet the criteria specified in this determination. ICD-10-CM codes can be used with the conditions listed in the Indications and Limitations of Coverage and/or Medical Necessity section of the Novitas LCD.
